Dear Greening Colleagues and Friends:

Although I would have preferred to share my news with you in person, I'm sending this letter to simplify communications. This letter is let you know that I have resigned my position as Director of Indiana's Greening the Government Program. I greatly appreciate and have enjoyed my five years in public service to Indiana. I trust that my work has positively impacted the environmental performance of internal state government operations. In addition, I hope that my work products have represented well the Greening Program, the Indiana Department of Administration, the Governor and the state of Indiana.

During the past five years, I've worked hard to build Greening into a responsive and successful program. And along the way, I've had a chance to meet and collaborate on projects with many talented and hard-working people - like you. Thank YOU for the opportunity to work together!

Governor Daniels' Greening Executive Order 05-21 continues and strengthens Greening efforts for the future. An enthused and competent director will be critical to continue and build Greening's success. In the future, I trust that you will continue to work with my replacement to continue our good work. The process to find my replacement is now beginning, so please consider if you or someone who you know might be a good candidate. Feel free to contact Michael Bensi, Director of IDOA Human Resources, at [mbensi@idoa.IN.gov](mailto:mbensi@idoa.IN.gov) or 317-233-4908 for information.

For now, I'll be in the office regularly until the end of September and then perhaps returning later again in October to complete the transition. I am moving to Washington D.C. and hope to find employment in the environmental or equality fields. I will miss everyone here, but I am also looking forward to a new chapter in my life. Best wishes to your continued success in life!

Sincerely,

Janet Fox
